

## 2015 OFFICERS

COMMODORE	Dave Whealon	(920) 960-8457
VICE COMMODORE	Scott Baccus	(920) 923-4422
SECRETARY	Mike Mahnke	(224) 406-3139
TREASURER	Dan Thornton	(920) 929-9363

**MISSION STATEMENT** - The mission of the Fond du Lac Sailing Club is to provide sailing events for the recreation, challenge, and pleasure of the membership, while promoting safety, fellowship and an opportunity to improve sailing skills and knowledge.

**COMMODORE'S COMMENTS**

First let me say I have been very impressed and enthused by the amount of participation we have had at the past meetings- including all thru the winter. The committee signup sheet went out at the last meeting (thanks Scott) and it mostly filled in one meeting. That makes my job much easier. Thank You.

For those of you that don't know Lore Shaver (that use to work for George) no longer works for him. She did the Mainsheet and compiled our book for us. She also did much for the YC youth sailing program. We are looking for replacements for both Jobs.

Kevin Gratton and friends are going to handle the Youth sailing Program again for the YC. A parent group has gotten together already to get the year started. One of the programs they would like to expand is the Wednesday Night Youth Sailing Races. We are hoping at least one volunteer from the SC could help each week. I attended the meeting and even some of the parents might like to race. They talked about joining the SC. More to follow...

Not to put any pressure on the cruisers but there is talk of new sails, new bottom paint, new ideas, new crew, and new boats. We should all be excited. We have expanded the cruiser schedule a little. I would suggest being ready for a few more boats on the line with some new faces. What a great problem to have. As we speak the lake is breaking up. Although the water is low it always comes up in time. See you in the Yard! - Dave Whealon

**NEXT MEETING**

**-Sailing Club Meeting April 2<sup>nd</sup> - 7:00pm**

**\*Fleet Meetings at 6:30 pm\***

**\*EVERYONE PLEASE BRING A SNACK TO THE MEETING ~ Thank You!!**

**MINUTES OF THE FOND DU LAC SAILING CLUB MEMBERSHIP MEETING 3-5-15**

The meeting was called to order at 7:01 pm by Vice Commodore Scott Baccus. (Commodore Whealon was enroute from Florida and joined the meeting in progress). Eighteen members were in attendance. There were no guests. A motion to approve the February 2015 sailing club minutes (with one correction: Steve Butson-not Dave Butson- provided music for the Yacht Club's Winter Party) was made by Dave Kuharski and seconded by Brian Carter. The motion was carried and minutes approved (with correction).

Secretary Mike Mahnke read a Thank You note from WISSA to the FDLSC membership. They expressed their appreciation for the support and volunteer work done by members in support of the WISSA event held on Lake Winnebago this year.

Treasurer Dan Thornton reported on current financials with balance in the black. Dan reported 18 paid members as of the meeting start time. A motion to accept the Treasurer's report was made by Bill Freund and seconded

## Mainsheet

by Marty Witt. For members who haven't yet paid for 2015 - REMEMBER to bring your checks for membership dues and racing fees to the April meeting.

### Committee Reports

Day Sailors: The Lighthouse Regatta will be held on June 6 & 7. The I-20 Nationals will be held Sep 11-13.

Cruisers: The Transwinnebago will be June 27 and the Frostbite will be held Sep 19.

Karin Whealon will be finding "volunteers" for the Race Committees needed for judging races for the race schedule.

Membership Committee: No report

### Old Business

- Vice Commodore Scott Baccus surfaced the topic to members regarding the "Lake Winnebago Water Quality Association" – since it had been brought up in past meetings. The discussion centered on that members are concerned and support water quality in Lake Winnebago – but members did not know of any compelling reason nor did they think the FDLSC should sign up as a member of the Association. There were no motions made.
- Buoy: Mike Elmergreen and Scott Baccus will meet to find the inflatable buoys for use as F&G Buoys this year.
- Race Schedule for 2015: Dave Kuharski reported on the new race schedule for 2015, including some additional races. The Schedule was circulated at the meeting. Discussion was positive about the schedule and the number of people who stayed after last month's

meeting for input and participation in the proposed race schedule.

Wednesday races are intended to be "fun races" and will be scored differently than regular Thursday races. Also, new Sunday races will be considered a "separate series".

Dave Lallier made a motion to accept the proposed 2015 race schedule as presented. The motion was seconded by Dave Kuharski. The motion was carried and race schedule approved by SC members.

- Sailing Club to prepare food for April 7th FDL Yacht Club meeting. Karin Whealon made a list of volunteers for the event. Menu TBD.
- Winter Party was Huge Success: Dave Lallier reported that the FDL Yacht Club's party (hosted and staffed by SC members) was a huge success and a really great family event. Attendance was estimated at 150 and after expenses, the YC made about \$175.00

### New Business

- Sailing Club History: Long time sailing club member Tom Grebe reported that he has updated the Sailing Club history going back to 1860. He indicated that it runs about six pages. Tom will send it to Mike Elmergreen and the documents could be added to the website.

## Mainsheet

- Recognizing Tom Grebe for his contributions: SC Member Dave Lallier wanted to be sure that the Fond du Lac Sailing Club recognized Tom Grebe for his work for over 20 years in keeping the history of the organization and the history of sailing on Lake Winnebago alive, documented and part of our perspective. The membership gave Tom Grebe a rousing round of applause in appreciation of his commitment and work.

For the Good of the Club: Andy Gratton reiterated his and Kevin's appreciation for FDLSC assistance with the WISSA event. He also recommended checking out some great video on YouTube of the event. There were 60 participants from 11 countries and about 20% of them did not speak English. Top speeds at the event were 54mph. Andy reported that this event was described by many WISSA participants as one of the best World events! Also for the good of the club, SC member Connie donated a book to the club. It is a marine guide providing information on chartering a sailboat and sailing in the Virgin Islands.

Adjourned: Dave Kuharski moved to adjourn, which was seconded by Brian Carter. The Motion carried and the meeting was adjourned by Vice Commodore Baccus at 7:41 pm.

Respectfully submitted by ~Mike Mahnke

### Some Ideas to Grow the Understanding of Sailing

(From August of last season)

Last night I was fortunate to be able to judge the day sailor Tuesday night race. It looked like I was going to be alone until Brian Carter hooked me up with our new member Steve. (Sorry I don't know your last name, okay I forgot). We had a great time setting up the course and starting the race. (I guess we need work on our flag raising techniques).

While the race was going on I took pictures with the club's new camera and Steve and I talked about our sailing paths. Steve mentioned that sometimes he does not have the confidence he would like to have. Later that night while we were having our fun pizza party, I was thinking of that and looking at the Wind Clock on the dry erase board and a few thoughts came to mind.

Why don't we make some fixtures to teach the basics of sailing to anyone that looks and plays with them? Following are a few of my ideas and I am sure many of you can add to them. Now I don't have time at this part of my life to make them but I hope we can come up with a team to get'r done.

**Wind Clock:** Make a wind clock like a cross between a sun dial and weather vane. It will always show the No Go Zone. It will also show correct sail trim and what tack, as well as name the direction such a beam reach.

**Knot Tying Stations:** There also could be knot tying stations mounted to the wall of the classroom area. There would be a rope attached with pictures and description of the knot. Maybe even a proper knot that is glued together so it is always there to copy. Three knots come to mind: Figure 8, Bowline and Cleat for starters.

**Proper Sailing Position:** Diagrams or pictures of how to sit in the boat properly. The body movements of how to Tack or Jibe.

**Right of Way Rules:** Diagrams of the basic Right of Way rules.

**Parts of the Boat and Rig:** Again diagrams.

So the list can go on. My vision is to see these in our sailing class room and anybody can learn from them. I feel the kids will learn from them while they are waiting for class. It may allow more time on the water instead of classroom. Parents will use them also.

Just some thoughts I have. Thanks Elmo for enlightening me. -Kevin
